Mrs. Miriam Dobbs
7-12 Assistant Principal

April 8, 2019

Dear Parents/Guardians,

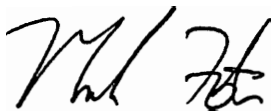

The weather this past winter resulted in limited use of our emergency closing days. This has necessitated changes to our school calendar for the remainder of the 2018-2019 school year. Please be advised that school will not be in session on the following days:

April 18 & 29
May 23 & 28

Also, please note changes to the end to the school year for Pre-K and Kindergarten students. *Kindergarten will end early this year with graduation on Thursday, June 20th.* This will be all kindergartners last day of school. They will not attend the remaining days, as we will be screening all the incoming kindergarteners for the upcoming school year.

A schedule for the elementary building is on the back of this letter. I hope you will find these dates helpful in planning for the next few weeks. Please read carefully and check the website for updates. The last day of classes for students in the elementary building will be Tuesday June 25th.

Sincerely,

Mark Foti
K-6 Principal
